Wangaratta High School
Anti-bullying and Harassment Policy

Rationale:
Wangaratta High School has a zero tolerance to any form of bullying. All members of the High School community have the right to feel safe and comfortable. The school will provide a positive culture where bullying is not accepted. All will have the right of respect from others including the right to learn or to teach, and a right to feel safe and secure in their environment.

We are committed to providing a safe and respectful teaching and learning environment. We believe that all students have the right to learn in a school environment where they feel safe and secure.

The Anti-bullying and Harassment policy should be read in conjunction with the Wangaratta High School Student Engagement Policy Framework.

Aims:

• To reinforce within the school community that bullying is unacceptable at Wangaratta High School

• To educate staff, parents and students in our school community about what bullying and harassment are and about the importance of maintaining a safe and comfortable environment

• Identify and report incidents of bullying

• To respond to incidents of bullying that have been reported to the school quickly and effectively

• Appropriate action/support for incidents

Definitions:
Being bullied means that individuals or groups target an individual or group with behaviour which is hurtful, threatening or frightening and this behaviour is repeated more than once. Bullying can take many forms such as verbal, physical, social isolation, stalking, racial, cyber bullying, extortion and sexual harassment. Actions can be observable or hidden.

There are four types of bullying: physical, verbal, covert and cyber bullying.

1. Direct physical bullying – includes hitting, tripping, kicking, pinching, pushing or damaging property.

2. Direct verbal bullying – includes name-calling, insults, intimidation, homophobic or racist remarks or verbal abuse.

3. Covert Bullying - This sort of bullying is often harder to recognise and can be carried out behind the bullied person’s back. It is designed to harm someone’s social reputation and/or cause
humiliation. Covert bullying includes: lying and spreading rumours, negative facial or physical
gestures, menacing or threatening looks, playing nasty jokes to embarrass and humiliate,
mimicking unkindly, encouraging others to socially exclude someone or damaging someone's
social reputation or social acceptance.

4. Cyber-bullying can be overt or covert bullying behaviours using digital technologies, including
hardware such as computers and smartphones and software such as social media, instant
messaging, texts, websites and other. Cyberbullying can happen at any time. It can be in public
or in private and sometimes only known to the target and the person bullying. It includes:
abusive or hurtful texts emails or posts, images or videos, deliberately excluding others online,
nasty gossip or rumours or imitating others online or using their log-in.

Harassment is any verbal, physical or sexual conduct (including gestures), which is uninvited,
unwelcome and which is reasonably likely to humiliate, offend, intimidate or distress a person. For
example, teasing a student because of their speech impediment or touching another person without
their consent.

Implementation:

- Parents, staff members, students and the community will be aware of the school's position on
  bullying.

The school will adopt a four-phase approach to bullying:

A. Primary Prevention:

- Professional development for staff relating to bullying, harassment and proven counter
  measures to include restorative practices processes
- Community awareness and input relating to bullying, its characteristics and the programs and
  responses. Speaking at information nights about the school bullying policy
- To provide programs that promote resilience, life and social skills, assertiveness, conflict
  resolution and problem solving
- A Health and Wellbeing Audit will be administered and acted upon every 12 months
- Each classroom teacher to clarify at the start of each year the school policy on bullying
- Developing mentor/student relationships so everybody (including families) is comfortable with
  speaking about bullying issues. Mentors to clarify the bullying policy with each class at the
  beginning of the year
- Curriculum across subjects to include anti-bullying messages and strategies
- Policy to be available to the community on the school website, staff manual and school policy
  booklet
- School prefects, staff and students to promote the philosophy of ‘No Put Downs’ and ‘Bullying is
  unacceptable’
- Structured activities available to students at recess and lunch breaks
B. Early Intervention:

- Promote parent, student and staff reporting of bullying incidents involving themselves or others
- Classroom teachers, ES Staff and principal class on a regular basis reminding students and staff to report incidents of bullying
- Provide designated areas for students to access at recess and lunch breaks
- Students identified on the Health and Wellbeing Audit as a bully, will be spoken with and placed in a Wellbeing Program if appropriate
- Recognise positive behaviours

C. Intervention:

- Once identified each bully, victim and witnesses will be spoken with, and all incidents or allegations of bullying will be fully investigated and documented. Where appropriate, victims and the alleged bully will be asked to record in writing what has occurred
- Students identified by others as bullies will be informed of allegations
- If appropriate victims and/or the alleged bully will be referred for counselling or other avenues of support
- If student bullying persists parents will be contacted and a Student Support Group meeting will be conducted. Consequences of actions (consistent with the school’s Student Expected Behaviour Basics) and strategies to improve behaviour will be discussed in this meeting. Mentor, student and parent will be in attendance and if appropriate a principal class member will be asked to attend.

D. Post Violation:

- Sanctions will vary according to the nature and frequency of the bullying or harassment and the individual circumstances of the victim and the offender. The severity of sanctions will be increased for repeat offenders
- Sanctions which the School may impose includes any one or a combination of the following:
  - Warning (written or verbal – this is to be recorded on Compass)
  - Loss of privileges including exclusion from yard or yard restrictions
  - Informing and consulting parents/carers
