

SCHOOL UNIFORM POLICY

PURPOSE

- To promote a positive image of the school and its students in the community.
- To create a sense of collective and individual pride in students and their identification with the school.
- A strategy for individual student safety and group security.
- To help prevent discrimination based on socio-economic circumstances and remove the potential stigma of class or sub groups, allowing students to concentrate on their learning.

AIM

To have all students wearing the approved Wangaratta High School uniform.

IMPLEMENTATION

Department of Education and Training Guidelines (authority provided to schools regarding Student Dress Code)

(Reference: School Policy and Advisory Guide)

- All school councils have the authority to create and implement dress codes for their students. This authority arises from a ministerial Order under the Education and Training Reform Act 2006.
- A dress code is a detailed written statement of the expectations that a school council holds regarding student appearance.
- A dress code may require students to wear a school uniform and may define specifications for garment design and colour.

HISTORICAL INFORMATION

Ink blue is the foundation colour for the Wangaratta High School (WHS) uniform.

- Colours within the Wangaratta High School emblem have been traditionally used to determine the colour of components of the school uniform.
- The WHS emblem is used to clearly identify WHS uniform items.

NON-NEGOTIABLE PARAMETERS

- OHS workshop guidelines require footwear to be strong leather shoes or boots.

UNIFORM CONSULTATION PROCESS

The consultation process for changes to the uniform policy will involve consultation with staff, students and parents via the Student Wellbeing Committee of School Council at Wangaratta High School.

EXEMPTION FROM THE UNIFORM CODE

- The Principal or his/her delegate can grant exemptions to the uniform.
- The request for exemption must be received in writing and considered on a case by case basis.

Exemption may be granted based on any of the following:

1. An aspect of the code offends a religious belief held by the student/parents/guardians.
2. An aspect of the code prevents the student from complying with a requirement of their ethnic or cultural background.
3. An aspect of the code prevents students with disabilities from being able to attend school or participate in school activities on the same terms as other students.
4. The student has a particular health condition that requires a variation from an aspect of the code.

The Principal will need to consider what kind of exemption is required. In some cases, a slight modification of the uniform requirements may be required, rather than a complete exemption.
